

# Open swim 2011

**Swim School always has priority at Swim-in Zone; we may limit the number of swimmers and deny entrance if there are too many lessons in the pool or if the pool is crowded. If you are participating in OPEN swim, please stay clear of the teacher and lessons. You may have to share lanes with 4 or 5 others. Swim lessons and birthday parties may be scheduled during Open Swim Time. Watch for notices at the pool, call or check our website for holiday hours or other time changes or closings because of special events or weather. Hours & prices subject to change without notice. Waiver required for ALL swimmers.**
