

## Open Swim Hours School Year 2018-2019

Even though Swim School always has priority over open swim and a couple of hours of weekend birthday parties compete for pool space, it is uncommon to find the pool too crowded to get in your usual workout. Many lap swimmers call ahead of arrival to be sure lanes are available until their personal schedule and the swim school schedule become predictably convenient. Sometimes you may even have a lane to yourself. Please be courteous of nearby teachers and students and watch for notices at the pool or on the website or App regarding special events or closings that could affect your normal swim day and time. If you want to use flippers, please feel free to bring your own. Hours available for lap swimming may change on short notice if there is an unexpected increase in demand for swim lessons.

Waiver required for ALL swimmers.

*A PARENT MUST GO IN THE POOL with their children who are not 52" tall. All flotation devices MUST have a US Coast Guard Approval number- No floaties, swimmies, float suits, inner tubes etc.*

**OPEN SWIM HOURS for Swim Members and Punch Card members:** *Open swim limit 1.5 hours in the pool. Adults only from 7:30-8:30am Weekdays (Mon-Fri)*
